

K-Love 90.9 in The Dalles Oregon is a benefit to our community because it promotes living a life of purpose, respect, and integrity. It models how to love and share that love with others. I do not want to see K-Love replaced by an LPFM. Taking K-Love out of the community is like taking light out of darkness. We need K-love to encourage and inspire us to live better lives. K-Love is in the public interest because it brings hope in a world that doesn't have it. Thank you for taking the time to read this message.
